

# 6<sup>th</sup> German Indoor Hygiene Forum

06–09 September 2022 Tuesday–Friday

AIR HYGIENE/DRINKING WATER/CONTAMINANTS

## HYGIENE FOR CONSTRUCTION – LIVING – LEARNING – WORKING

As a **lead event**, the German Indoor Hygiene Forum will take place for the sixth time from 6 to 9 September 2022 for the discussion of a broad spectrum of issues surrounding **hygiene and indoor living**. The goal is to offer a platform to the different scientific and industry stakeholders at which they can discuss the latest findings, network and present **innovative solutions**.

In 2022, the key topics will be **air hygiene, drinking water hygiene and contaminants**.

You will be able to present your innovative concepts and intelligent products to a broad audience and benefit from a special programme of events for experts.

### THE CONCEPT

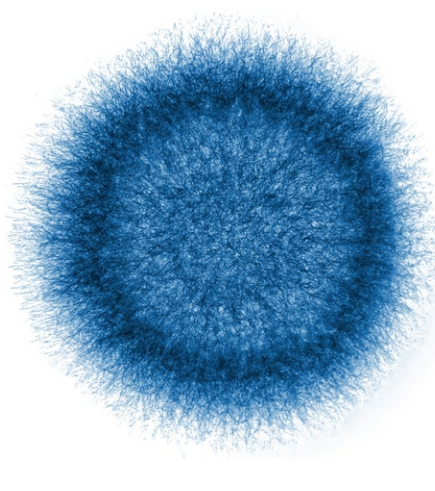

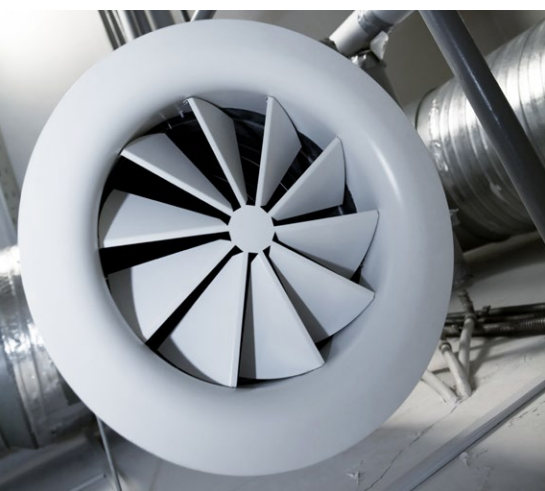

- Forum with daily changing/recurring lectures on air/water hygiene and contaminants
- Central exhibition area around the forum for direct dialogue between experts
- Listing of your stand in the digital catalogue under the category “Indoor hygiene/air”, etc.
- Drinking Water Meeting Point as an additional feature of the Indoor Hygiene Forum

### THE TARGET GROUP

Professionals across all areas:  
Trades, entrepreneurs, technical experts, occupational safety specialists, health, environmental protection and occupational safety authorities, relevant industry associations, institutions and employers’ liability insurance associations, building biologists, scientists, planners, architects, engineers

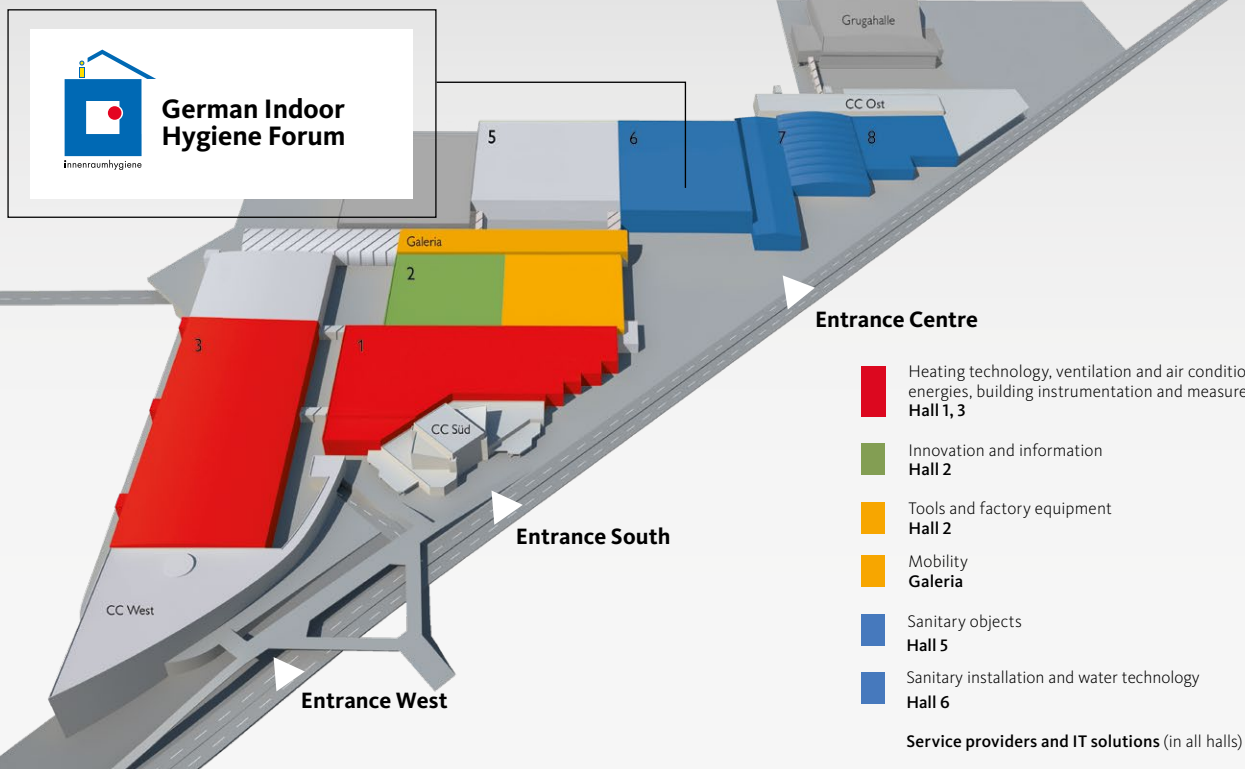

### YOUR ADVANTAGES

- Prominent presentation of your innovative solutions and products in new Hall 6
- Individual presentation space on a prominent joint stand with special media and optics
- Opportunity for dialogue with other experts
- Attractive stand rental prices

## German Indoor Hygiene Forum
